### THE WEATHER.

**Forecasts.**  
El Paso and vicinity: Tonight and Wednesday, unsettled weather.  
New Mexico: Tonight and Wednesday, partly cloudy with local snow in north portion.  
West Texas: Tonight and Wednesday unsettled weather.  
**Weather Conditions.**  
With the exception of light rain on the Pacific coast and snow flurries in

Colorado and northern New York, the weather throughout the country during the past 24 hours has remained generally fair.

The only barometric depression on the chart is central over the valley of the Colorado.  
High pressure still covers the eastern half of the country, the crest of the area being apparently over Virginia.  
Rises of 10 or more degrees in temperature are noted in Oklahoma, central and northwestern Texas, New Mexico, northern Arizona, Utah and in the vicinity of the Ohio valley and the upper lakes, while similar falls are reported from Kansas, Nevada and northern Montana only.

### Temperature and Rain.

**GERMANY'S DISCRIMINATION.**  
Berlin, Germany, Jan. 11.—The United States government today informed the German foreign office that it would regard the adoption by the reichstag of the proposed law as discrimination against American interests.

### 30 Years of Success

The B. M. Hyde Co. Offer a Remedy for Catarrh—The Medicine Costs Nothing If It Fails.

When the medicine effects a successful treatment in a very large majority of cases, and when we offer that medicine on our own personal guarantee that it will cost the user nothing if it does not completely relieve catarrh, it is only reasonable that people should believe us, or at least put our claim to a practical test when we take all the risk. These are facts which we want the people to substantiate. We want them to try Rexall Muc-Tone, a medicine prepared from a prescription of a physician with whom catarrh was a specialty, and who has a record of thirty years of enviable success to his credit.

We receive more good reports about Rexall Muc-Tone than we do of all other catarrh remedies sold in our store, and if more people only knew what a thoroughly dependable remedy Rexall Muc-Tone is, it would be the only catarrh remedy we would have any demand for.

Rexall Muc-Tone is quickly absorbed and by its therapeutic effect tends to disintegrate and cleanse the entire mucous membrane tract, to destroy and remove the parasites which infect the mucous tissues, to soothe the irritation, aiding digestion and improving nutrition until the whole body vibrates with healthy activity. In a comparatively short time it brings about a noticeable gain in weight, strength, good color and feeling of buoyancy.

We urge you to try Rexall Muc-Tone, beginning a treatment today. At any time you are not satisfied, simply come and tell us, and we will quickly return your money without question or trouble. We have Rexall Muc-Tone in two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in El Paso only at our store—The Rexall Store, People's Drug Store, Kelly & Pollard.

### RAILROAD NEWS.

## TIME CARD CHANGES FIGURED OUT ON PUZZLE BOARD

Three Men Figure for Three Days the Changes for Three Trains.

Did you ever stop and think what it means to change a railroad time card? Well, stop and think just for a change. Up in the Southwestern building, where the El Paso & Southwestern system has its offices, of course, there is a time card chart. And during the last few weeks, since the Rock Island people had their time card changing fever that time chart has been doing all sorts of stunts.

Now, the time card chart is a something quite unknown to the public in general, and something of which the majority of railroad men have the vaguest conception. It is the most complicated, bewildering apparatus, a maze of strings and pins, and squares and figures. Nobody but a professional time card arranger should attempt to describe it. But here goes.

There are innumerable little squares on the time card chart, a large paper covered frame. One way the squares mean five minute spaces, and another they mean miles, or something like that. At the top are the hours of the day, a. m. and p. m., in fact the card is divided in night and day. Up and down and across the frame are rows of ordinary pins, and along the pin rows are strings. There are little pieces of colored card board with pins through them. Those are trains. It is very simple, they will tell you, but you will not see it that way. If you try, to understand, they may have to carry you away in a dog catcher's wagon.

It took three men three days to figure out the changes on these trains, to say nothing of the freight trains. There are six passenger trains to be accounted for on the card, which only represents the northern divisions of the local road, and 18 freight trains—that's all.

When the men finish pinning pins and stringing strings, somebody makes out a trial time card, and then they go all over it again. It's very simple indeed. All it needs is a mathematical mind, a head like an adding machine, and fingers like a lace worker. Yes, it's very simple. Try it.

## RAILROAD CHARGE IS UNREASONABLE, THE VERDICT

Interstate Commerce Commission Decides In Favor of Springer Estate.

A case of no small interest to interstate shippers has been decided in favor of the late T. H. Springer, of El Paso, against the El Paso & Southwestern, the Chicago, Rock Island & Pacific and the Chicago & Great Western railways. A verdict has been rendered by the interstate commerce commission bearing out the contention of the Springer estate, although that rule will not become effective as a law until Feb. 1.

Before special examiner A. H. Lessow in this city, Mar. 26, last year, two corporation attorneys for the railways and claim adjuster Rufus B. Daniels argued regarding a shipment of furniture sent from Chicago to the local dealer. It was shown that a 50 foot car was ordered, and that the car was large enough for the shipment. Two cars, however, were furnished instead of one as ordered, and the furniture house charged for the additional rate.

According to the ruling of the commission, just received in this city, the railroad companies involved must rebate "the difference" between the Springer estate with the 50 foot car rate. This verdict being rendered before the legal existence of the "two for one" rule, which after Feb. 1 will protect all shippers in similar cases.

Two cars were furnished instead of one as ordered, bears interesting legal significance. The "two for one" rule clearly is considered by the commission to be merely a matter of common sense and justice.

The rebate with interest must be made before Feb. 1, "as preparation for an unreasonable rate charge," according to the words of the order.

## SANTA FE TO RACE FOR COAST MAIL

Belen Cutoff To Be Used and Line Will Be Double Tracked.

That the Santa Fe railway is going after that Chicago-San Francisco mail business, as competitive with the Rock Island, seems certain by still another phase of the affair. Not only will the Belen cutoff be employed for a more direct route to the coast, but double track soon is to be installed at various points in California, New Mexico and Arizona.

The double track improvement, it is said, will not only afford quicker passenger and freight traffic, but many times as much freight and passenger traffic. The Belen cutoff route is to be laid between Rio Puerco and Suanne. The line between Laguna and Cubero next will be doubled, and also the road between McCarty and Horace. A long line will receive two tracks, and a still longer run between Flagstaff and Ash Fork. Such are the proposed territorial improvements. More will be made in California.

Freight movements are in charge of

## Sale

## A Once-a-Year Opportunity

The initial day of our annual White Sale scored a wonderful success. All previous records broken and the impetus gained will, certainly, make this sale the greatest that has occurred to date. It is really a colossal display and many special features are included—one of which is a display of real cotton as seen growing.

## More Embroideries On Sale

10,000 yards of new patterns—also, some of the same high qualities which were exhausted early yesterday morning—have been added to the special lots, as follows:

George F. Jackson, assistant general freight and passenger agent, and H. Lawton general freight and passenger agent, at Guaymas, Sonora, Mexico. Distances from Nogales, Sonora, to the principal points on the extension are: Mazatlan, 734 miles; Presidio, 749 miles; Rosario, 775 miles; Escuinapa, 780 miles; Guahima, 800 miles; Palmar, 809 miles; Copales, 817 miles; Concha, 821 miles; Acaponeta, 828 miles.

**E. P. & S. W. FREIGHT IS DERAILLED TRAINS LATE**  
Fifteen box cars were thrown from the track in a freight derailment on the El Paso & Southwestern system near Largo, 163 miles northeast of El Paso. The accident occurred Monday evening, and has delayed all trains from the north from 9 to 12 hours. The cause of the wreck is not known by officials in this city.

**PASSENGER AGENTS MEET.**  
New Orleans, La., Jan. 11.—The Louisiana and Southern passenger associations are holding a convention here today. There will be addresses and discussions of a technical nature. Several hundred are present.

**STOCK SHIPPED WEST.**  
A stock train of Mexican cattle of 25 cars pulled out at noon today over the Southern Pacific tracks.

## News Brevities

**Train Bulletin.**  
All Rock Island trains from the north are delayed from 8 to 12 hours on account of a freight wreck on the E. P. & S. W. near Largo, N. M. Rock Island train No. 1, due to arrive here at 10:40 p. m. yesterday is expected with today's trains some time this evening or tomorrow. All trains from the west are reported on time.

Apples only \$1.50 box. Automatic phone 1459.

**Negress Fined.**  
Minnie Brown, a negress, was fined \$50 when arraigned before Judge Lea in the police court Monday evening. She is at present under indictment in the district court on a charge of theft from the person.

Sedgwick creamery butter is first prize butter—Jackson's.

**Auto Wrecked; Three Killed.**  
Atlanta, Ga., Jan. 11.—When the automobile in which they were riding collided with a street car on the Peachtree road, three people were killed. The occupants of the car were William M.

Garner, Frank George, both 21 years of age, and Harold E. George, aged 19.

You'll find everything you like to eat in Jackson's delicatessen.

**C. L. Billington, 709 Magoffin. Tel. 1489** painting, paperhanging, decorating.

**TOURISTS ARE NOT BUYING IN JUAREZ**

Dealers Complain Because of Small Purchases by Winter Visitors.

"Tourists are the shoddiest this season for many years."

That is the way one Juarez curio dealer puts it. And every other dealer seems to agree in more or less forceful terms.

Usually during the winter season there are some big purchasers of the fussy filigree and the costly silks and lace. But this year it is a matter of a 25 cent kerchief, a pressed leather pocketbook or a 5 cent earthen jug. The curio dealers are very disgusted about it.

There appears to be a great plenty of middlewest small town folk, papa and mama and little Willie. But the Chicago, St. Louis, New York genuine tourist article, tailor made women and men, seems to be quite lacking.

"What is Juarez coming to?" asks one dealer. "We will have to start a 5 and 10 cent store directly," he adds with a shrug, half Latin, half semetic.

**MAYOR SAYS MOTORISTS ARE NOT PERSECUTED**

Says Six Miles An Hour Speed Limit Is To Protect Pedestrians—New Ordinance Being Formulated.

In order that the rights of pedestrians may be protected, mayor Sweeney is engaged in the preparation of an ordinance calculated to keep vehicles to the right and force the occupants to desist from the custom of cutting corners in making turns.

Discussing the speed limit of six miles for automobiles, in the city limits, which some contend is too low, mayor Sweeney said: "When the six mile an hour rule was made it was done for the purpose of protecting pedestrians. If we had put it 12 miles they would run 20."

As long as automobilists are reasonably careful of the lives and property of other citizens the police will not bother them.

"I presume that the majority of automobiles are run at 12 or 15 miles an hour, yet the owners are not bothered. The limit was placed at six miles an hour so that policemen could go into court and testify that reckless drivers were exceeding the limit."

"The judge of the police court has always shown a liberal disposition to treat automobilists fairly and the police will not persecute them. Of course a great many machines cannot keep down to the six mile limit, but where they are carefully run the drivers are not bothered."

**NUKOTE**

FOR FLOORS, FOR SHELVING, FOR CHAIRS, FOR STAIRS, FOR DOORS, WINDOWS & BASE

## BURGLAR STEALS TEACHERS' WRAPS

Hats and Capes Are Stolen From the Aoy School Building.

While the Aoy teachers were teaching the students in the Mexican school how to get the gender of their pronouns straight, some unfeeling pilferer slipped into the work room of the school Monday afternoon and lifted the teachers' hats and coats. With a thoughtfulness that was entirely unexpected from one of his vocation the thief was considerate enough to leave either a hat or coat for each of the teachers whom he robbed.

Miss Carrie Race lost a military cape but her hat was left. Miss Alice Wilson lost a hat in the robbery but had a coat to wear home from school. Miss Mayme James lost a coat and Miss Leona Black a hat, making the average a balanced one. Mrs. Leila Moore, the supervisor of music in the public schools, had her luncheon taken from a work room but one of the other teachers shared her noonday meal with her.

Globe Flour, best by test, and the payroll in El Paso.

**SPAIN TRANSFERS ITS MINISTER**  
Madrid, Spain, Jan. 11.—Marquis de Villalobar, Spanish minister to Washington, has been transferred to Lisbon.

**FAT REDUCTION IS NO SIN**

The purpose of Beauty is to refine the native uncouthness of human nature. We all bow to its power. It is the only autocure that has no illiberal shadow. Also this means the fat woman must serve instead of rule, for beauty in woman is a composite of both line and feature.

Thousands of fat women are beautiful of face. But they lag behind in the race for preference—because a too ponderous outline dashes the favor their face has gained them.

Now, pretty fat women can reduce that fat (not the good pure-lined flesh) in a very simple way. No exercise—no dieting is necessary. Let them take one Marmola Prescription Tablet after each meal and at bedtime for a month. The fat will simply fade. No wrinkles or pouches of skin will form, but the loss will be uniform. The fat will go as steadily as it came; fade away. The health will improve, the eye grow more brilliant, the wit sprightlier. Marmola Tablets are a boon—and harmless (being made from the famous fashionable prescription, 1 1/2 oz. Marmola, 1 1/2 oz. Fl. Ex. Cascara Aromatic, 1 1/2 oz. Peppermint Water), and are likewise cheap, a large case of the drugstore or the Marmola Co., 737 Farmer Bldg., Detroit, Mich., costing only seventy-five cents.
